25X1

2. No new airfield was found within the search area. A previously observed graded-earth airfield is immediately southeast of the town of Baruun Urta. This is a targeted installation, Baruun Urta Airfield [], and is reported when covered by a [] mission.

3. No new military installations of any kind were found within the search area; however, a new area of construction was discovered immediately west of the town of Baruun Urta. The small scale of the only available photography of this activity [] precludes identification at this time. A close watch will be kept on this area, and an immediate report will be made if future photography reveals that the construction is military in nature.

25X1

4. Any airfield or military installation observed in this search area on future coverage will be reported in the appropriate OAK or OAK Supplement report. This project is considered to be complete.
